

**BLACK SWANS**  
FUTURES STUDIES STUDENTS OF TURKU

# ***NEWSLETTER***

***February 22, 2017***

---

**By Vanessa C. Deggins**

The Current Board had its first meeting. We discussed having members make regular blog posts and are soliciting ideas. So far we have thesis topics, an assessment of your studies so far, suggestions on ways to publicize the department and a review of partially or a recently completed internship. In March, Anna will be writing about her panel discussion of the Turku Futures Forum.

If you have any other suggestions, please email a board member or post in the Black Swans Facebook group. Other topics of discussion included an education survey, which will be sent out to students at a later date.
